

Corner mouldings veneered

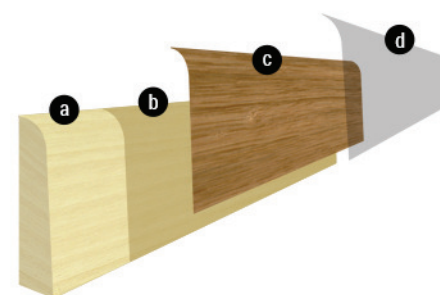

These mouldings are made of **very high quality pine or MDF** on which **tanganika or mahogany veneers** are attached.

Different dimensions are available: 33x35 mm (**art. 135**), 30x30 mm (**art. 130**), 20x20 mm (**art. 120**).

Length: 3000 mm

Different effects can be obtained: **Varnished or lacquered.**

Unpainted profiles can be delivered as well.

- a - SUPPORT: Spruce or MDF
- b - GLUE
- c - VENEERS
- d - VARNISH: water based or catalized based or Lacquered

The paintings and the varnishes used allow the profiles a **long lasting quality effect.**

Profile on demand can be produced (2000 meters are required). Special shapes or special colours can be delivered on request.

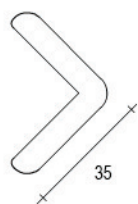

Different effects: Varnished, lacquered, unpainted.
